

MOTIP Aluminium Paste

Ord.-no.: 090312

Technical Information

MOTIP Aluminium Paste is a high-quality assembly paste based on aluminum particles, for easy assembly and disassembly of machine parts and various threaded connections that are exposed to high temperatures and corrosive influences. MOTIP Aluminium Paste reduces the friction of moving parts and provides effective protection against corrosion.

Quality & properties

- Suitable for temperatures up to +1.500 °C
- Enriched with aluminium particles
- Excellent adhesion
- Reduces friction of moving parts
- User-friendly
- Good corrosion protection
- Water repellent
- 360 °C application

Physical & chemical data

- Base: Viscous mineral oil, aluminium, inorganic binder, additives.
- Colourname: aluminium
- Smell: Characteristic
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Relative density: 1.1 g/ml
- Content: 200 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Clean and degrease the surface before use.
- Do not mix with other greases.
- Assembly paste should be applied sparingly as a thin film using a brush.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

As of June 2, 2023 – This release replaces all eventually earlier issued versions.
